

ERVMAX RETROFIT CASE STUDY

Hillsborough County Schools Wimauma Elementary School Wimauma, FL

- Completed in September, 2000
- 34 ERVMAX units w/ E-Coil technology
- Energy savings of 40 - 50%
- Average EER increase over OEM

Thirty-four new high efficiency, rooftop package units from York were retrofitted with ERVMAX and E-Coil technology. Working with Honeywell as the contractor, post-test results demonstrated an energy savings of 40 - 50% (witnessed by Honeywell). The average system EER improved by 35% over the manufacturer's ARI ratings.
